Dear [REDACTED]

Request for Information

I write further to your request FOI ID 46517 under the Freedom of Information Act 2000 regarding: -

Schizophrenia and other non-mood disorders (F20-F29 inclusive) Diagnosis in EIP and CMHT

Your request is set out below:

1 (a) In the last 12 months (of data), in total how many patients with Schizophrenia and other non-mood disorders (F20-F29 inclusive) were managed by your Trust.

Please see below data that has been extracted relating to patients who had a valid appointment or bed day in the period dated November 2023 to October 2024, where they have ever had a diagnosis of F20-F29 and F20 respectively.

Report Period	1(a) Trust Managed - Schizophrenia and Other Non-mood disorders

1 (b) In the last 12 months (of data), in total how many patients diagnosed Schizophrenia (F20 only) were managed by your Trust.

Please see below data that has been extracted relating to patients who had a valid appointment or bed day in the period dated November 2023 to October 2024, where they have ever had a diagnosis of F20-F29 and F20 respectively.

Report Period	1(b) Schizophrenia (F20 Only)
Nov 2023 - Oct 2024	1836

Your answers will be used to inform plans to potentially support Early Intervention Psychosis or Community Mental Health teams. If information is available by type of service, and can be reported within the time limit,

We are proud to be smoke free

Trust Chair – Dr Jackie Craissati
Chief Executive – Sheila Stenson

please also consider the following questions for patients with Schizophrenia and other non-mood disorders (F20- F29 inclusive).

2 (a) In the last 12 months (of data), how many patients with Schizophrenia and other non-mood disorders have been treated within each of the following services:

- Early Intervention Psychosis service team
- Community Mental Health Team

Please see below data that has been extracted relating to patients with a valid appointment in the period dated November 2023 to October 2024 with a contact with either EIP or CMHT and with diagnosis as stated within 1a. Please note that ICD10 diagnosis is not routinely recorded within community services and therefore the data below is likely to be an under representation of the total activity.

Report Period	Service Group	2(a)Treated Schizophrenia and Other Non-mood disorders
Nov 2023 - Oct 2024	CMHT	1704
Nov 2023 - Oct 2024	Early Intervention Service	133

2 (b) In the last 3 months (of data), how many patients with Schizophrenia had no change to the antipsychotic medication within each of the following services. This includes patients with no change in dose.

- Early Intervention Psychosis service team
- Community Mental Health Team

The requested information is not held centrally and is contained within individual clinical records which cannot be extracted as a standalone piece of data. In order to extract the requested information and collate the results would require a manual exercise to identify and review clinical records and would exceed the appropriate time limits, as per the Freedom of Information Act 2000 section 12(1) which does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the appropriate limit.

3 (a) In the last 12 months (of data), how many patients with Schizophrenia and other non-mood disorders were discharged to primary care from each of the following services?

- Early Intervention Psychosis service team
- Community Mental Health Team

Please see below data that has been extracted relating to patients with a valid appointment in the period dated November 2023 to October 2024 discharged from EIP or CMHT to primary care and diagnosis as in 1a. Please note that ICD10 diagnosis is not routinely recorded within community services and therefore the data below is likely to be an under representation of the total activity.
