Dear [REDACTED]

Request for Information

I write further to your request FOI ID 46612 under the Freedom of Information Act 2000 regarding: -

Management of Prostate Cancer Patients

Your request is set out below:

Please could you give us current information in relation to how prostate cancer patients are managed when they are eligible for active surveillance/monitoring.

Topics include:

- Inclusion criteria
- Diagnosis and treatment decision support
- Follow-up pathways and protocols
- Follow-up testing frequencies
- Triggers for stopping active surveillance

The Kent and Medway NHS and Social Care Partnership Trust are commissioned to provide the mental health care and treatment for the Kent and Medway area, we do not provide any cancer services. I would suggest contacting the Kent and Medway Integrated Care Board to obtain a list of the Trust's that do provide these services using the following email address - kmicb.foi@nhs.net

I confirm that the information above completes your request under the Freedom of Information Act 2000. I am also pleased to confirm that no charge will be made for this request.

If you have any questions or concerns or are unhappy with the response provided or the service you have received you can write to the Head of Information Governance at the address on top of this letter. If you are not content with the outcome of your complaint, you may apply directly to the Information Commissioner for a decision.

Yours Sincerely

On Behalf of
The Information Governance Department
